

A Dictionary Of The History Of Medicine

A Dictionary Of The History

a continuous, systematic narrative of past events as relating to a particular people, country, period, person, etc., usually written as a chronological account; chronicle: a history of France; a medical history of the patient.

History | Definition of History at Dictionary.com

History is a noun to describe past events, or an account of something, like the history of New York City. When you describe something as having a history, you're implying it has an intriguing past. For example, a necklace that's been passed down through generations has a history. But when you say something's history, what you mean is not that it no longer exists.

history - Dictionary Definition : Vocabulary.com

I studied history in college. a professor of medieval history They were one of the greatest teams in history. It was one of the most destructive storms in modern history. In the study of taxonomy, the rank of kingdom is just below domain, as seen on the image below. All of life, thought to come from a single origin, can be broken down into lower levels of classification, such as a kingdom or phylum. Each consecutive level represents a more related group of organisms.
