### **A Healthy Retirement? - Case study**

I don't think so that retirement is good for health. Retirement is bad for health, because during the job a person is always punctual, active. But a person who retired from his job is going down & down because no work, no schedule available for him. So retirement is a red light for retired people.

Case study support material • Retirement Income Priority Exercise - pages 2-7 ... them done while they are young and healthy. They foresee spending more time with their grandchildren and ... extra charitable giving either while they are alive or as part of a final bequest.

**Retirement Income Planning Case Study**

If retirement is preceded by realistic anticipation and planning, it can be a happy and healthy change. A successful retirement requires planning for the loss of income, work relationships, and identity as a worker. A man should cultivate interests to make the leisure of retirement as rewarding as the challenges of work.

**Health and Retirement Study - Harvard Health**

The University of Michigan Health and Retirement Study (HRS) is a longitudinal panel study that surveys a representative sample of approximately 20,000 Americans over the age of 50 every two years.
