Locked Inside By Nancy Werlin

Locked Inside was a page turner, no doubt about it. It is the story of a rich teenager who becomes wrapped up in an online game, and spends way too much time on it. Of course, she is kept behind over Spring break at her rich girls boarding school and through these slightly confusing events she gets kidnapped and locked in a basement.

Locked Inside by Nancy Werlin - Goodreads

Locked Inside by Nancy Werlin is an extremely slow read. It's a novel that takes place in modern day Mississippi. The story starts off with a teenage girl that has lost her parents in a terrible plane accident years ago. She now goes to a boarding school where she has been kidnapped, and it tells how her and her friends and family deals with it.

Locked Inside is a companion of sorts to Nancy Werlin's The Killer's Cousin, which I liked better, at least initially. Locked Inside is the story of Marnie Skyedottir, a wealthy sixteen-year-old orphan at a private school in northern Massachusetts.
