Canada Mathematical Finance University Programs

Financial engineering is one of the fastest growing areas of applied mathematics. In the Master of Mathematical Finance (MMF) program, students reshape their existing analytical abilities with the help of senior academics in mathematics, computer science, statistics, and engineering who have experience with the tools of mathematical finance. This cross-disciplinary approach develops graduates ...

Positions in Mathematical Physics The IAMP announces available and wanted positions in Mathematical Physics. If you want to announce an available position on this site, please read the guidelines.

IAMP | International Association of Mathematical Physics

I'm just finishing up in a decent ranked Ph.D. program. I expect that it's more difficult to get in if you're not a U.S. citizen, but I understand that our department received quite few domestic applications for admission.

Noahpinion: If you get a PhD, get an economics PhD

Full course list Archaeology. PhD in Archaeology or Conservation Studies. The Department's distance learning PhD is a three-year full-time or six-year part-time course in either subject area, depending on topic.

Our courses - Distance learning, The University of York

The Courant Institute of Mathematical Sciences (CIMS) is an independent division of New York University (NYU) under the Faculty of Arts & Science that serves as a center for research and advanced training in computer science and mathematics. It is considered one of the leading and most prestigious mathematics schools and mathematical sciences research centers in the world.
