Sometimes, Roz would be in her centaur form, wearing her bikini top. Alan decided that he did not want to see Roz transform, as he considered this to be an intimate private thing only for her. Alan would ride on Roz's back through the woods to the clearing, where they would talk and swim together in the pond.

Twitter user: Doesn't that still mean that a centaur can ride another centaur? Crawford: The rules on riding a mount specify that a mount must have a suitable size and anatomy for you to ride it (PH, 198). If the game makes an exception to part of that rule—about the creature's size, for instance—the other part of the rule still stands.

In Greek mythology the Centaurs were a tribe of half-man, half-horse savages who inhabited the mountains and forests of Magnesia. They were a primitive race who made their homes in caves, hunted wild animals for food and armed themselves with rocks and tree branches. The Centaurs were spawned by the cloud-nymph Nephele after she was violated by the impious Lapith king Ixion.

The only light was dappled brown and gray shadows, cast by the almost lifeless foliage of the Forbidden Forest. To Umbridge, the forest passed by in an unseen blur as she rode Bane, a black-coloured centaur, who was rather handsome and strong for his kind. She did not know it, but soon the centaur would return the favour and would be riding her!
